Disclaimer

The material in this presentation is general background information about Emirates NBD's activities current at the date of the presentation. It is information given in summary form and does not purport to be complete. It is not intended to be relied upon as advice to investors or potential investors and does not take in to account the investment objectives, financial situation or needs of any particular investor. These should be considered, with or without professional advice when deciding if an investment is appropriate.

The information contained here in has been prepared by Emirates NBD. Some of the information relied on by Emirates NBD is obtained from sources believed to be reliable but does not guarantee its accuracy or completeness.

Forward Looking Statements

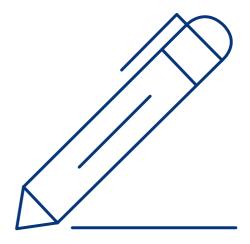

It is possible that this presentation could or may contain forward-looking statements that are based on current expectations or beliefs, as well as assumptions about future events. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements often use words such as anticipate, target, expect, estimate, intend, plan, goal, believe, will, may, should, would, could or other words of similar meaning. Undue reliance should not be placed on any such statements because, by their very nature, they are subject to known and unknown risks and uncertainties and can be affected by other factors that could cause actual results, and the Group's plans and objectives, to differ materially from those expressed or implied in the forward-looking statements.

There are several factors which could cause actual results to differ materially from those expressed or implied in forward looking statements. Among the factors that could cause actual results to differ materially from those described in the forward-looking statements are changes in the global, political, economic, business, competitive, market and regulatory forces, future exchange and interest rates, changes in tax rates and future business combinations or dispositions.

Emirates NBD undertakes no obligation to revise or update any forward looking statement contained within this presentation, regardless of whether those statements are affected as a result of new information, future events or otherwise.

Key performance indicators

Net interest income

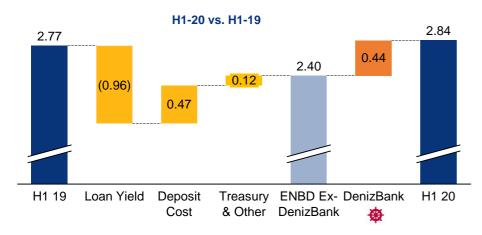

Highlights

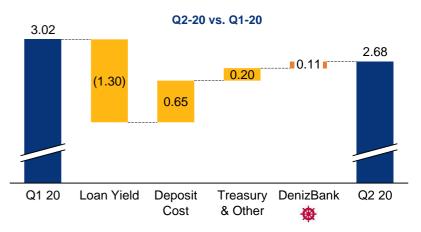

- Q2-20 NIM of 2.68% declined 4 bps compared to Q2-19 as lower interest rates offset the positive contribution from DenizBank.
- H1-20 NIM of 2.84% improved 7 bps y-o-y helped by the positive impact from DenizBank. Excluding DenizBank, H1-20 NIM of 2.40% declined 37 bps y-o-y as lower loan yields offset the benefit from lower deposit costs
- Q2-20 NIM declined 34 bps q-o-q as the reduction in loan yields offset the impact of lower deposit costs and positive impact from DenizBank
- Fall in loan yields reflects one and three month EIBORs falling 141 and 149 bps respectively during 2020
- NIM guidance remains at 2.55-2.65% as we anticipate smaller impact on loan yields in H2-20 as earlier rate cuts have now largely flowed through to EIBOR rates
