Emirates MENA Top Companies Fund

Class G GBP (LU1317407606)

a Sub-Fund of Emirates NBD SICAV

This Fund is managed by MDO Management Company S.A.

OBJECTIVES AND INVESTMENT POLICY

Investment Objective

The sub-fund aims to achieve medium- to long-term capital growth through investments in a portfolio of MENA (Middle East & North Africa) equities. The sub-fund uses an active management style and take advantage of price distortions and specific opportunities that display potential for strong gains.

Investment Policy

For this purpose, the sub-fund invests:

- up to 60% in any one MENA country;
- up to 10% in securities of a single corporate issuer;
- up to 40% in cash and cash equivalents;
- in collective investment schemes up to 10% per underlying fund.

The sub-fund may not borrow or take on unlimited liability.

The sub-fund will not invest in any underlying fund with an annual management fee in excess of 2%.

In order to gain exposure to stocks listed on the markets of the Kingdom of Saudi Arabia, the sub-fund may hold participatory notes (P Notes) SWAPs or other instruments providing a synthetic form of exposure to such markets. These will be treated as derivatives.

Investment Horizon

Recommendation: This sub-fund is not suitable for investors who plan to withdraw their money within 3 to 5 years.

Income

Income generated will be reinvested.

Fund Currency

The reference currency of the sub-fund is USD.

Subscription and Redemption

Investors may subscribe, convert and redeem shares on demand on a daily basis, being a valuation day, as further determined in the prospectus of the fund.

RISK AND REWARD PROFILE

Risk Disclaimer

The risk and reward indicator illustrates where the sub-fund is positioned in terms of its possible risk and reward. The higher the sub-fund's position on this scale, the greater the possible reward, but also the greater the risk of losing money. Even if the sub-fund is in the lowest risk class you can lose money as no investments are entirely risk free. The risk indicator is calculated using historical data and therefore cannot be used as a prediction for the future. The risk classification may change over time.

Why is this Sub-Fund in this category?

The sub-fund is subject to a high level of risk as it is exposed to market factors such as global macro-economic trends, currency fluctuations, interest rates fluctuations, inflation and the performance of issuers of securities. At this time the level of the risk and reward profile is equal to 6.

The risk and reward indicator does not take into consideration the following risks, which can affect the sub-fund:

Operational risk - Which may occur due to technical issues for example natural disasters, misunderstandings and fraud.

Derivative risk - Use of derivatives results in higher chances of loss due to the use of leverage, or borrowing. Derivatives allow investors to earn large returns from small movements in the underlying asset's price. However, investors could lose large amounts if the price of the underlying moves against them significantly.

Emerging markets risk - In emerging markets the legal, judicial and regulatory frameworks are still developing so there could be, for local market participants and their counterparties, a high degree of uncertainty.

The risk of potential conflict of interest for the Investment Manager or any related party in circumstances where the sub-fund may invest in other vehicles where the Investment Manager has a material interest.

Full details of the risks the sub-fund is exposed to are provided in the prospectus.
